2022 “FLTRP · ETIC Cup” English Public Speaking Contest General Guidelines for the Online Contest

Introduction

Initiated in 2002 by Foreign Language Teaching and Research Press (FLTRP), the “FLTRP · ETIC Cup” English Public Speaking Contest has gained great attention and credit both at home and abroad. All participants eagerly embrace the opportunity to challenge and improve themselves. The contest has been of great help to participants by improving their English proficiency and cultivating their communication, problem solving and critical thinking skills. Nationally recognized as being both authoritative and professional, the English Public Speaking Contest has been listed, since 2018, by the “The Ranking of National College and University Student Competitions” released by the China Association of Higher Education, Ministry of Education, People’s Republic of China.

The 2022 “FLTRP · ETIC Cup” English Public Speaking Contest consists of an offline contest and an online contest, with winning contestants from both contests to compete at the National Final.

The offline contest is composed of three parts: Preliminary, Provincial Final, and National Final. The procedure is as follows: the Preliminaries will be held by colleges and universities in each province; the winners will compete in the Provincial Finals organized by the provincial organizing committees and co-organized by local branches of FLTRP; the top 3 contestants from each province will compete at the National Final.

The online contest will be held on the “U 等生” app where applicants can sign up to participate. This year, wildcards will be provided for eligible applicants of the online contest. To apply for the wildcards, an applicant must:

- a) take the English Test for International Communication, i.e. ETIC (<http://etic.claonline.cn>), held in the first half of 2022;
- b) be awarded “Pass with Distinction” in the ETIC (Intermediate) / “Pass with Merit” or above in the ETIC (Advanced) / “Pass” or above in the ETIC (Superior);
- c) win a score of 230 or above in the “Oral Communication” of the test.

The Committee will rank all the applicants for the wildcards based on their scores in the “Oral Communication” and offer the wildcards to the top 30. Candidates with the same score will be ranked in the order of registration. Candidates with the wildcards will directly reach the final phase of the online contest, which requires the contestants to give an impromptu speech. The top 90 candidates in the online contest will reach the National Final.

Participants from overseas as well as those from Hong Kong, Macao and Taiwan will be invited to attend the National Final competing for the final Grand Prizes and other special prizes.
